

American College of Rheumatology revised criteria for classification of functional status in rheumatoid arthritis.*

Class I	Completely able to perform usual activities of daily living (self –care, vocational and avocational).
Class II	Able to perform usual self-care and vocational activities, but limited in avocational activities.
Class III	Able to perform usual self-care activities, but limited in vocational and avocational activities.
Class IV	Limited in ability to perform usual self-care, vocational, and avocational activities.

* Usual self-care activities include dressing, feeding, bathing, grooming, and toileting. Avocational (recreational and/or leisure) and vocational (work, school, homemaking) activities are patient-desired and age- and sex-specific.
